

Docket No.: SYN5397.01A
Amdt. Dated: 04/05/2010

Amendments to the Drawings:

An annotated (marked-up) set of drawings (12 sheets) have been attached to this amendment showing the division of Figure 5 and Figure 7 across multiple sheets and other changes.

REMARKS

1. Response to Notice to File Corrected Application Papers.

The Application is submitting herewith new drawings to replace the drawings in the reconstructed application papers. As requested, the deficiencies noted in all of the line drawings have been corrected. In addition, the screen captures have been converted to line drawings for clarity.

For clarity, Figure 5 has been split across multiple sheets as Figures 5A-5C, and Figure 7 has been split across multiple sheets as Figures 7A-7D.

No new matter has been added.

2. Rule 312 Amendment.

As indicated above, Figure 5 has been split across multiple sheets as Figures 5A-5C, and Figure 7 has been split across multiple sheets as Figures 7A-7D. Accordingly, the specification has been amended to reflect that change.

In addition, a few typographical errors have been corrected. On page 1, lines 25-26 the specification has been amended by changing the term "apparata" to "apparatus". On page 16, line 29, the term "therefor" has been replaced with "therefore".

Dated: 04/05/2010

Respectfully submitted,

/John P. O'Banion/
